### IMPORTANT NOTE ABOUT THIS REIMBURSEMENT POLICY

You are responsible for submission of accurate claims. This reimbursement policy is intended to ensure that you are reimbursed based on the code or codes that correctly describe the health care services provided. Optum reimbursement policies may use Current Procedural Terminology (CPT®\*), Centers for Medicare and Medicaid Services (CMS) or other coding guidelines. References to CPT or other sources are for definitional purposes only and do not imply any right to reimbursement. Coding methodology, clinical rationale, industry-standard reimbursement logic, regulatory issues, business issues and other input is considered in developing reimbursement policy.

This information is intended to serve only as a general reference resource regarding Optum's reimbursement policy for the services described and is not intended to address every aspect of a reimbursement situation. Accordingly, Optum may use reasonable discretion in interpreting and applying this policy to health care services provided in a particular case. Further, the policy does not address all issues related to reimbursement for health care services provided to Client enrollees. Other factors affecting reimbursement may supplement, modify or, in some cases, supersede this policy. These factors may include, but are not limited to: legislative mandates, the provider contracts, and/or the enrollee's benefit coverage documents. Finally, this policy may not be implemented exactly the same way on the different electronic claims processing systems used by Optum due to programming or other constraints; however, Optum strives to minimize these variations.

Optum may modify this reimbursement policy at any time by publishing a new version of the policy on this Website. However, the information presented in this policy is accurate and current as of the date of publication.

#### **Policy**

### Overview

This policy describes Optum requirements for billing a UnitedHealthcare health plan for Always Therapy services for a physical therapy, occupational therapy and/or speech therapy plan of care regardless of provider type delivering the service

### Reimbursement Guidelines

### **Specialty Specific Modifiers**

To ensure accurate adjudication of claims physical therapy, occupational therapy, and speech therapy service providers are required to append the claim with HCPCS specialty specific modifiers.

When physical therapy, occupational therapy or speech therapy services are provided the claim must include the following modifiers to identify the therapy benefit to which the services will be applied:

- Modifier GN Services delivered under an outpatient speech therapy plan of care.
- Modifier GO Services delivered under an outpatient occupational therapy plan of care.
- Modifier GP Services delivered under an outpatient physical therapy plan of care...

The following "Always Therapy" codes will require the appropriate provider specialty modifier on all claims
